Dear New Brunswick Faculty and Staff,

We are excited to share the Spring 2024 Calendar, which highlights a few upcoming events for faculty and staff offered by the Division of Diversity, Inclusion, and Community Engagement (DICE) to nurture a vibrant, inclusive campus community through diversity education and venues to engage across differences. It also features opportunities for engagement sponsored by University Equity and Inclusion and the Faculty Diversity Collaborative, which are open to the Rutgers community across Chancellor-led units.

We would be remiss if we did not acknowledge that this is a challenging time. How we respond as a community matters now more than ever. There are many ways to meet this moment, but not all are productive. Let’s choose to meet this moment with humanity. Institutionally, we are committed to building an inclusive community, even amid deep tension. Join us for an upcoming university-wide speaker series, “Navigating Tensions, Affirming Community,” and documentary series, “Reject Hate.” Both encourage us to embrace our shared humanity, acknowledging its messiness and contradictions. Do your part and engage. Listen to a speaker. View a documentary. Most importantly, commit to moving beyond proximity to build community.
